UNIFORM**

Planting the seeds for a better future

Dear early learning service providers,

As part of our annual celebration of Early Childhood Educators' Day, we like to select a theme for the apparel which reflects what's going on in the early learning sector from an operational and cultural perspective for that particular year.

As the benefits of early learning are very much on the radar of government, policy makers and stakeholders this year, with the Australian Government's Early Years Strategy recognising how critical the early years are for children's development and continued success over their lifetime, we thought it fitting that this year's theme should focus on the long-term benefits of early learning for Australia's children.

In recognition of the important role that our early childhood educators play in the life of the children in their education and care, this year's theme for Early Childhood Educators' Day is "*Planting the seeds for a better future*".

The theme is beautifully illustrated in this year's apparel designed by our Apparel Sponsor Cargo Crew.

We hope this theme strikes a meaningful chord with you as an early learning service provider, the families who attend your service and most importantly with your valued team of early childhood educators.

You may like to print out this catalogue and share it with your team for consideration. If you would like to make an order, please be sure to do so before the order deadline of 1 August.

We hope you love the selection as much as we do!

Warm regards,

Paul Mondo

President

Australian Childcare Alliance
